Kenneth Gonzales  
United States Attorney  
District of New Mexico  
201 3rd Street NW  
Albuquerque, New Mexico 87103

Dear Mr. Gonzales:

Congratulations on your appointment. I am enclosing a copy of a letter to Senator Udall and supporting documentation regarding the likelihood that federal laws were violated in the unauthorized demolition in 2008 of the historically protected Santa Fe Indian School campus. As you will see, it has been a year and eight months since I brought this matter to the attention of the Inspector General of the Interior Department. Because of the lack of a response, your office now seems like the proper place to turn. I look forward to your prompt attention to the matter.

Sincerely yours,
